Contents

Volume 6, Number 1, March 1985

Interfering with taste aversion learning in rats: the role of associative interference. D. S. CANNON, M. R. BEST, J. D. BATSON, E. R. BROWN, J. A. RUBENSTEIN and L. E. CARRELL	1-19
Intramuscular ceruletide does not affect food in obese and non-obese human subjects. G. AKNER and S. RÖSSNER	21-24
Dietary fat intake and taste responses to fat in milk by under-, normal, and overweight women. R. M. PANGBORN, K. E. BOS and J. S. STERN	25-40
Sensory and social influences on ice cream consumption by males and females in a laboratory setting. S. L. BERRY, W. W. BEATTY and R. C. KLESGES	41-45
Commentary on Geiselman and Novin (1982) Hyperinsulinism and feeding; not all sequences lead to the same behavioral outcome or conclusions. D. A. VANDERWEELE	47-52
Carbohydrate ingestion, hypoglycemia and obesity. J. R. VASSELLI	53-59
Carbohydrate's effect on hunger and obesity: commentary on Geiselman and Novin (1982) N. GEARY	60-63
Appetite, hunger and obesity as a function of dietary sugar intake: can these effects be mediated by insulin-induced hypoglycemia? A reply to commentaries. P. J. GEISELMAN	64-79
Commentary on Rozin and Kennel (1983) Chimpanzee diet—in bad taste? Comment on Rozin and Kennel (1983). W. C. MCGREW	81-84
In good taste, or not? A reply to McGrew. P. ROZIN	85-86
Book reviews	87-96
H. L. Conn, A. E. DeFelice and P. T. Kuo (Eds.), <i>Health and obesity</i> (J. Garrow) R. J. Wurtman and J. J. Wurtman (Eds.), <i>Nutrition and the brain</i> (A. E. Harper) K. M. Pirke and D. Ploog (Eds.), <i>The psychobiology of anorexia nervosa</i> (H. Weiner) E. Rozin, <i>Ethnic cuisine: the flavor-principle cookbook</i> (F. J. Simoons)	
Response to review	97-99
Excessive eating: a rejoinder. J. SLOCHOWER	Reviewer's reply. J. WARDLE
Acknowledgement	100
Calendar of events	101-102

Volume 6, Number 2, June 1985

An adjustment error in optimization of taste intensity. R. D. MATTES and H. T. LAWLESS	103-114
The relationship of attitudes and experiences of Finnish youths to their hedonic responses to sweetness in soft drinks. H. TUORILA-OLLIKAINEN and S. MAHLAMÄKI-KULTANEN	115-124
Stimulus range influences intensity and hedonic ratings of flavour. R. L. McBRIDE	125-131
Hyperphagia: a necessary precondition to obesity? J. M. SLATTERY and R. M. POTTER	133-142
Different metabolites might reduce food intake by the mitochondrial generation of reducing equivalents. W. LANGHANS, U. DAMASKE and E. SCHARRER	143-152
Histamine: a role in normal drinking. F. S. KRALY	153-158
Unanswered questions about histamine and drinking. J. T. FITZSIMONS	159-160
Pharmacological issues and experimental guidelines. W. B. SEVERS	161-162
On searching for peripheral controls. A. K. JOHNSON	163-164
Histamine and prandial drinking. J. B. SIMPSON and S. C. WOODS	165-166
Reply to the commentators. F. S. KRALY	167-168
A further comment on Willis and Smith (1984) Behavioural correlates of neurochemistry. T. SCHALLERT	169-170
Abstracts Satellite Symposium of the 14th Annual Meeting of the Society for Neuroscience on the Neural and Metabolic Bases of Feeding, Napa Valley, California, 7-9 October, 1984	171-216
Acknowledgements	217
Calendar of events	218

Volume 6, Number 3, September 1985

Estimation of salt intake by questionnaire. R. SHEPHERD, C. A. FARLEIGH and D. G. LAND	219-233
Conditions recalled to have been associated with weight gain in adulthood. P. J. BRADLEY	235-241
Role of specific postingestional effects and medicinal context in the acquisition of liking for tastes. P. PLINER, P. ROZIN, M. COOPER and G. WOODY	243-252
Coyote control and taste aversion. D. L. FORTHMAN QUICK, C. R. GUSTAVSON and K. W. RUSINIAK	253-264

Research on forms of conditioned avoidance in coyotes. P. N. LEHNER and S. W. HORN	265-267
Brief comments on "Coyote control and taste aversion". D. A. WADE	268-271
Coyote control and taste aversion: A predation problem or a people problem? S. R. ELLINS	272-275
A comment on "Coyote control and taste aversion". R. J. BURNS and G. E. CONNOLLY	276-281
Commentary on "Coyote control and taste aversion": Editor's report. D. A. BOOTH	282-283
Coyotes and taste aversion: The authors' reply. D. L. FORTHMAN QUICK, C. R. GUSTAVSON and K. W. RUSINIAK.	284-290
Abstracts	
Annual Meeting of the Eastern Psychological Association, Boston, MA, 21-24 March 1985.	291-310
Book reviews	311-316
L. Keller Brown and Kay Mussell (Eds.), <i>Ethnic and regional foodways in the United States. The performance of group identity</i> (E. Rozin)	
J. Mark Ordy, D. Harman and R. B. Alfin-Slater (Eds.), <i>Nutrition in gerontology</i> (J. Winocur)	
E. D. Schlenker, <i>Nutrition in aging</i> (J. Winocur)	
H. J. Teuteberg and J. M. P. Edema (Eds.), <i>Nutritional behaviour as a topic of social sciences</i> (D. A. Booth)	
A. J. Stunkard and E. Stellar (Eds.), <i>Eating and its disorders</i> (W. P. T. James)	
M. E. DeBakey, A. M. Gotto, Jr., L. W. Scott and J. P. Foreyt, <i>The living heart diet</i> (E. Rozin)	
J. Gibbon and L. Allen (Eds.), <i>Timing and time perception</i> (S. J. Shettleworth and N. Mrosovsky)	
M. I. Gurr, <i>Role of fats in food and nutrition</i> (John Yudkin)	
Calendar of events	317

Volume 6, Number 4, December 1985

Effect of long-term insulin on body weight and food intake: intravenous versus intraperitoneal routes. C. LARUE-ACHAGIOTIS and J. LE MAGNEN	319-329
<i>Symposium: Ontogeny of diet selection and the control of ingestion.</i> <i>Guest editor: B. G. GALEF, JR</i>	331
What we know and don't know about the development of independent ingestion in rats. W. G. HALL	333-356
Congenital and experiential factors in the development of human flavor preferences G. K. BEAUCHAMP and B. J. COWART	357-372

Comparing taste-elicited behaviors in adult and neonatal rats. G. J. SCHWARTZ and H. J. GRILL	373-386
Stimulus control of eating: implications for a two-factor theory of hunger. H. P. WEINGARTEN	387-401
Book reviews	403-405
P. I. White and N. Selvey (Eds.), <i>Malnutrition: determinants and consequences</i> (S. H. Zlotkin)	
J. Dobbing (Ed), <i>Maternal nutrition and lactational infertility</i> (B. J. Rolls)	
Recent events	405
Calendar of events	406
